

% Wireless Coverage - Campus

Interior Q1/2009-10

<i>*Estimated # of waps to cover interior</i>	1500
<i># of waps installed</i>	308
<i>*% Coverage</i>	21%

of Wireless Access Points and %

Total Capacity Q1/2009-10

<i># of waps installed</i>	308
<i>Max number of waps possible because of hardware limitation</i>	600
<i>% Capacity</i>	51%

*This is an updated estimate of waps required for interior building coverage. Higher bandwidth demand will require additional waps and will reduce the % coverage metric
