### **OCR Requirements and Implementation of new UC IT Accessibility Policy [J. Phillips]**

---

President Yudof approved the new University of California Policy on Information Technology Accessibility on Aug. 27 (see [letter](#)).

OCR agreement was signed and is in effect. The OCR agreement, as it pertains to electronic accessibility, outlines three obligations for the campus:

- 1) UCSC needs to specifically address the issues raised in the four systems identified in the complaint: eCommons, MyUCSC, CruzPay, and repair requests via ResNet.

Side note: many improvements have been made already....

- 2) UCSC will need to ensure accessibility more broadly - adhere to WCAG 2.0 AA, as is the systemwide policy.
- 3) UCSC will need to provide a report on Feb. 28, 2014.
