

Keep computers & electronic devices **SAFE** when you travel.

- ✓ Encrypt and password-protect your computer and all devices.
- ✓ Connect securely - avoid free Wifi and use a VPN.
- ✓ If you are going abroad, the computer you take should contain minimum information, i.e. not a regular work computer.
- ✓ Don't leave your devices unattended - keep them with you.
- ✓ Wait to get home before posting photos or comments about your trip to social networking sites.
